Description : CHANGE ORDER #6 -PROJECT ROADWAY RESTORATION ZONES 1-9, 2012-102

Recorded Information

I hereby certify that the attached document was filed for registry and recorded in the Clerk of Court's office for St. Bernard Parish, Louisiana

On (Recorded Date) : 08/02/2016

At (Recorded Time) : 10:51:30AM

Doc ID - 007689620003

CHANGE ORDER 06

DATE OF ISSUANCE: July 12, 2016

OWNER: St. Bernard Parish Government
CONTRACTOR: Barriere Construction Co., LLC
PROJECT: St. Bernard Roadway Restoration Project Zones 1-9
OWNER's Project No: SBPG RD 2012-102
DATE OF CONTRACT: April 17, 2014
ENGINEER: Barowka and Bonura Engineers and Consultants, LLC

It is hereby mutually agreed that when this change order has been signed by the contracting parties the following described changes in the work required by the contract shall be executed by the contractor without changing the terms of the contract except as herein stipulated and agreed:

You are directed to make the following changes in the Contract Documents:

Description: Adjustment of contract time for an additional 176 calendar days and adjustment of contract quantities in accordance with Attachments A-D.

Reason for Change Order: The original contract was based on the anticipated estimated work to be performed based on the field layout assessment and design phase and past projects for similar work. This change order adjusts the previous identified scope and associated estimated costs, as follows:

- To align with the documented work completed to date and remaining estimated work. To date there have been 734 approved field change requests totaling $728,981.53, plus two additional and two revised work orders (Remmie and Livaudais) and two revised work orders (Ivy and Livingston Zone 2) since the contract bid. The associated current estimated increase in construction value was $229,304.02.
- Contractor requested a substantial completion in accordance with Section 27 of the General Conditions and Specifications on the remaining work orders on January 11, 2016. Owner and Engineer inspected the work for substantial completion from January 13, 2016 to April 7, 2016, and during the inspection identified additional damage for consideration. 42 field change requests were generated as a result of these inspections, creating 28 actual field changes at a cost of $113,623.70 authorized to Contractor. In accordance with Section 27 of the General Conditions and Specifications, the contract time was suspended to allow for Owner and Engineer to inspect the work and provide Contractor with a list of items to be completed for acceptance of the work.
- The 28 field changes mentioned above were authorized as late as May 23, 2016. The Contract Time is herein adjusted to allow Contractor sufficient time to schedule and perform the work. Contractor's revised schedule shows their final project completion date as August 19, 2016.

Attachments:

Attachment A - Breakdown of Unit Prices
Attachment B - Individual Work Order Alignment Summaries
Attachment C - Contractor Letter with Updated Schedule
Attachment D - Contractor Substantial Completion Request for Remaining Work Orders

CHANGE IN CONTRACT PRICE:
Original Contract Price: $ 9,900,281.79
Net Increase from previous Change Orders: $711,111.17
Contract Price prior to this Change Order: $ 10,611,392.96
Net increase ~~(decrease)~~ of this Change Order: $116,596.91
Contract Price with all approved Change Orders: $ 10,727,989.87

CHANGE IN CONTRACT TIMES:
Original Contract Times: 550 days Project Completion: October 27, 2015 (dates)
Net change from previous Change Orders: Project Completion: 121 (days)
Contract Times prior to this Change Order: Project Completion: 671 (days)
Net increase ~~(decrease)~~ of this Change Order: Project Completion: 176 (days)
Contract Times with all approved Change Orders: Project Completion: August 19, 2016 (dates)
