ROXANNE ADAMS
CLERK OF COUNCIL

February 4, 2016

Guy,

Attached is the 2015 Municipal Water Pollution Prevention (MWPP) packet for the Riverbend Wastewater Treatment Pond. The state requires that the Council pass a resolution acknowledging that they have received and reviewed the report. The report explains that the pond is functioning properly and is compliance with all aspects of the treatment process.

In this case the lower the number - the BETTER., last year we were 39.5, this year we been able to bring it down to 31.

Once the resolution is passed, I will need to receive a copy to mail to LA. DEQ along with a copy of the MWPP.

INSTRUCTIONS

1. Complete only the sections of the Environmental Audit which apply to your wastewater treatment system. Leave sections that do not apply blank and enter a "0" for the point value.
2. Parts 1 through 7 contain questions for which points may be generated. These points are intended to communicate to the department and the governing body or owner what actions will be necessary to prevent effluent violations. Place the point totals from parts 1 through 7 on the Point Calculation page.
3. Add up the point totals.
4. Submit the Environmental Audit to the governing body or owner for review and approval.
5. The governing body must pass a resolution which contains the following items:
 - a. The resolution or letter must acknowledge the governing body or owner has reviewed the Environmental Audit.
 - b. This resolution must indicate specific actions, if any, will be taken to maintain compliance and prevent effluent violations. Proposed actions should address the parts where maximum or close to maximum points were generated in the Environmental Audit.
 - c. The resolution should provide any other information the governing body deems appropriate.

PART 1: INFLUENT FLOW/LOADINGS (all plants)

A. List the average monthly volumetric flows and BOD loadings received at your facility during the last reporting year. **** Permit does not require Inffluent BOD testing ****

Column 1 Average Monthly Flow (million gallons per day, MGD)	x	Column 2 Average Monthly BOD5 Concentration (mg/l)	x 8.34 =	Column 3 Average Monthly BOD5 Loading (pounds per day, lb/day)
	x		x 8.34 =	
	x		x 8.34 =	
	x		x 8.34 =	
	x		x 8.34 =

Write 0, 5, or 10 in the iv point total box 0 iv Point Total

v. Add together each point total for i through iv and place this sum in the box below at the right.

TOTAL POINT VALUE FOR PART 2: 0 (max = 100)

Also enter this value or 100, whichever is less, on the point calculation table on page 16.

Permit #:

LA0040185

D. Other Monitoring and Limitations

- i.** At any time in the past year was there an exceedance of a permit limit for other pollutants such as: ammonia-nitrogen, phosphorus, pH, total residual chlorine, or fecal coliform?

√ Check one box.

Yes

No

If Yes, Please describe:

Yes, Fecal Coliform, due to expected high flow conditions.

- ii.** At any time in the past year was there a "failure" of a Biomonitoring (Whole Effluent Toxicity) test of the effluent?

√ Check one box.

Yes

No

If Yes, Please describe:

This facility does not require Biomonitoring as per the LPDES permit.

- iii.** At any time in the past year was there an exceedance of a permit limit for a toxic substance?

√ Check one box.

Yes

No

If Yes, Please describe:

This facility does not require Biomonitoring as per the LPDES permit.

PART 3: AGE OF THE WASTEWATER TREATMENT FACILITY

- A. What year was the wastewater treatment facility constructed or last major expansion/improvements completed? **Pond was cleaned out and treatment system re-configured to a Wetlands Assimilation**

$$\begin{array}{rcccl}
 \text{Current Year} & - & \text{Answer to A} & = & \text{Age in years} \\
 \hline
 2016 & & 2015 & & 1
 \end{array}$$

Enter Age in Part C below.

- B. Check the type of treatment facility that is employed.

	FACTOR:
<input type="checkbox"/> Mechanical Treatment Plant (trickling filter, activated sludge, etc...) Specify Type: _____	2.5
<input type="checkbox"/> Aerated Lagoon	2.0
<input type="checkbox"/> Stabilization Pond	1.5
<input checked="" type="checkbox"/> Other Specify Type: <u>Oxydation Pond/Wetland Assimilation</u>	1.0

- C. Multiply the factor listed next to the type of facility your community employs by the age of your facility to determine the total point value for Part 3.

TOTAL POINT VALUE FOR PART 3 =

$$\frac{1}{\text{Factor}} \times \frac{1}{\text{Age}} = \boxed{1} \text{ (max = 50)}$$

Also enter this value or 50, whichever is less, on the point calculation table on page 16.

- D. Please attach a schematic of the treatment plant.

SEE ATTACHED DIAGRAM.

PART 5: SLUDGE STORAGE AND DISPOSAL SITES

A. Sludge Storage

How many months of sludge storage capacity does your facility have available, either on-site or off-site? N/A

Circle the number of months and the corresponding point total. Write the point total in the box below at the right.

<i>months</i>	<2	2	3	4-5	>6
<i>points</i>	50	30	20	10	0

Write 0, 10, 20, 30 or 40 in the A point total box A Point Total

B. For how many months does your facility have access to (and approval for) sufficient land disposal sites to provide proper land disposal? N/A

Circle the number of months and the corresponding point total. Write the point total in the box below at the right.

<i>months</i>	<2	6-11	12-23	24-35	>36
<i>points</i>	50	30	20	10	0

Write 0, 10, 20, 30 or 40 in the B point total box B Point Total

C. Add together the A and B point values and place the sum in the box below at the right:

TOTAL POINT VALUE FOR PART 5: (max = 100)

Also enter this value or 100, whichever is less, on the point calculation table on page 16.

PART 6: NEW DEVELOPMENT

- A. Please provide the following information for the total of all sewer line extensions which were installed during the last year.

Design Population: N/A
 Design Flow: N/A MGD
 Design BOD: N/A mg/l

- B. Has an industry (or other development) moved into the community or expanded production in the past year, such that either flow or pollutant loadings to the sewerage system were significantly increased (5% or greater)?

√ Check one box. Yes = 15 points No = 0 points

If Yes, Please describe:

NO

List any new pollutants:

N/A

- C. Is there any development (industrial, commercial or residential) anticipated in the next 2-3 years, such that either flow or pollutant loadings to the sewerage system could significantly increase?

√ Check one box. Yes = 15 points No = 0 points

If Yes, Please describe:

NO

List any new pollutants you anticipate:

- D. Add together the point value checked in B and C and place the sum in the box below.

TOTAL POINT VALUE FOR PART 6: **0** (max = 30)

Also enter this value or 30, whichever is less, on the point calculation table on page 16.

PART 7: OPERATOR CERTIFICATION AND EDUCATION

A. What was the name of the operator-in-charge for the reporting year?

Name: Richard Coffee

B. What is his or her certification number:

Cert.#: Class IV #970

C. What level of certification is the operator-in-charge required to have to operate the wastewater treatment facility?

Level Required: Class IV

D. What is the level of certification of the operator-in-charge?

Level Certified: Class IV

E. Was the operator-in-charge of the report year certified at least at the grade level required in order to operate this plant?

√ Check one box. Yes = 0 points No = 50 points

Write 0 or 50 in the E point total box 0 E Point Total

F. Has the operator-in-charge maintained recertification requirements during the reporting year?

√ Check one box. Yes No

G. How many hours of continuing education has the operator-in-charge completed over the last two calendar years?

√ Check one box. > 12 hours = 0 points < 12 hours = 50 points

Write 0 or 50 in the G point total box 0 G Point Total

H. Is there a written policy regarding continuing education an training for wastewater treatment plant employees?

√ Check one box. Yes No

Explain: Budget allocated and training schedule set at beginning of each year

I. What percentage of the continuing education expenses of the operator-in-charge were paid for:

By the permittee? 100 By the operator? 0%

J. Add together the E and G point values and place the sum in the box below at the right.

TOTAL POINT VALUE FOR PART 7: 0 (max = 100)

Also enter this value or 100, whichever is less, on the point calculation table on page 16.

Permit #:

LA0040185

PART 8: FINANCIAL STATUS

A. Are User-Charge Revenues sufficient to cover operation and maintenance expenses?

√ Check one box.

Yes

No

If No, How are O&M costs financed?

B. What financial resources do you have available to pay for your wastewater improvements and reconstruction needs?

Revenue generated from the sale of water and sewer services.

Permit #:

LA0040185

C. Treatment Plants

i. Have the influent and effluent flow meters been calibrated in the last year?

Yes No (✓ Check one box.)

N/A
Influent flow meter calibration date(s)

OCT. 22nd. 2014
Effluent flow meter calibration date(s)

ii. What problems, if any, have been experienced over the last year that have threatened treatment?

Lighting Strikes, which caused power interruption on UV system.

iii. Is your community presently involved in formal planning for treatment facility upgrade?

✓ Check one box. Yes No *If Yes, Please describe:*

Not needed at this time.

D. Preventive Maintenance

- i. Does your plant have a written plan for preventive maintenance on major equipment items?

√ Check one box. Yes No *If Yes, Please describe:*

As per manufacturer directives in O&M manual.

- ii. Does this preventive maintenance program depict frequency of intervals, types of lubrication and other preventive maintenance tasks necessary for each piece of equipment?

Yes No

- iii. Are these preventive maintenance tasks, as well as equipment problems, being recorded and filed so future maintenance problems can be assured properly?

Yes No

E. Sewer Use Ordinance

- i. Does your community have a sewer use ordinance that limits or prohibits the discharge of excessive conventional pollutants (BOD, TSS or pH) or toxic substances to the sewer system from industries, commercial users and residences?

√ Check one box. Yes No *If Yes, Please describe:*

There is no pretreatment program in effect. There are no categorical industrial users and no adverse effects from current users.

- ii. Has it been necessary to enforce?

√ Check one box. Yes No *If Yes, Please describe:*

N/A

- iii. Any additional comments about your treatment plant or collection system? (Attach additional sheets if necessary.)

ZONING CHANGE REPORT

Case Number: Z- 2016-002

Owner/Representative: Aycock Street Properties

Property Address: 3624 Delille Street, Chalmette, LA 70043

Property Location: The property is located on Lots 18 & 19, Jackson Park Addition, Square 192

Current Site Area: 5,668 sq. ft. or 0.13 acres

Present Use: Undeveloped

Present Comprehensive Plan Designation: Commercial

Present Zoning: C-1 (Neighborhood Commercial) District

Proposed Zoning: C-2 (General Commercial) District

Reason For Request: A zoning change to allow for the construction of a building to store electrical supplies (warehouse storage)

I. Executive Summary:

Zoning Docket Z-2016-002 is a request for a zoning change from a C-1 (Neighborhood Commercial) district to a C-2 (General Commercial) district. The site is located at the northwest corner of Delille Street and W. Liberaux Street in Chalmette. The lots have a total area of 5,638 sq. ft. or 0.13 acres. The applicant is petitioning for the zoning change in order to construct a building primarily used to store electrical supplies (warehouse storage).

The request is **consistent** with the Land Use/Density description of Commercial in the Comprehensive Plan. The request would be considered a spot zone as it is surrounded by C-1 (Neighborhood Commercial) and R-2 (Two-Family Residential); however, staff believes the development would not significantly impact the surrounding areas. For these reasons, staff recommends **APPROVAL** of the request.

II. Project Analysis:

A. Images

Image #1: Aerial Photography of Petitioned Property

Source: Google Maps (Image Date 2015)

Image #2: Street View of Petitioned Property

Source: Google Street View (05/2011)

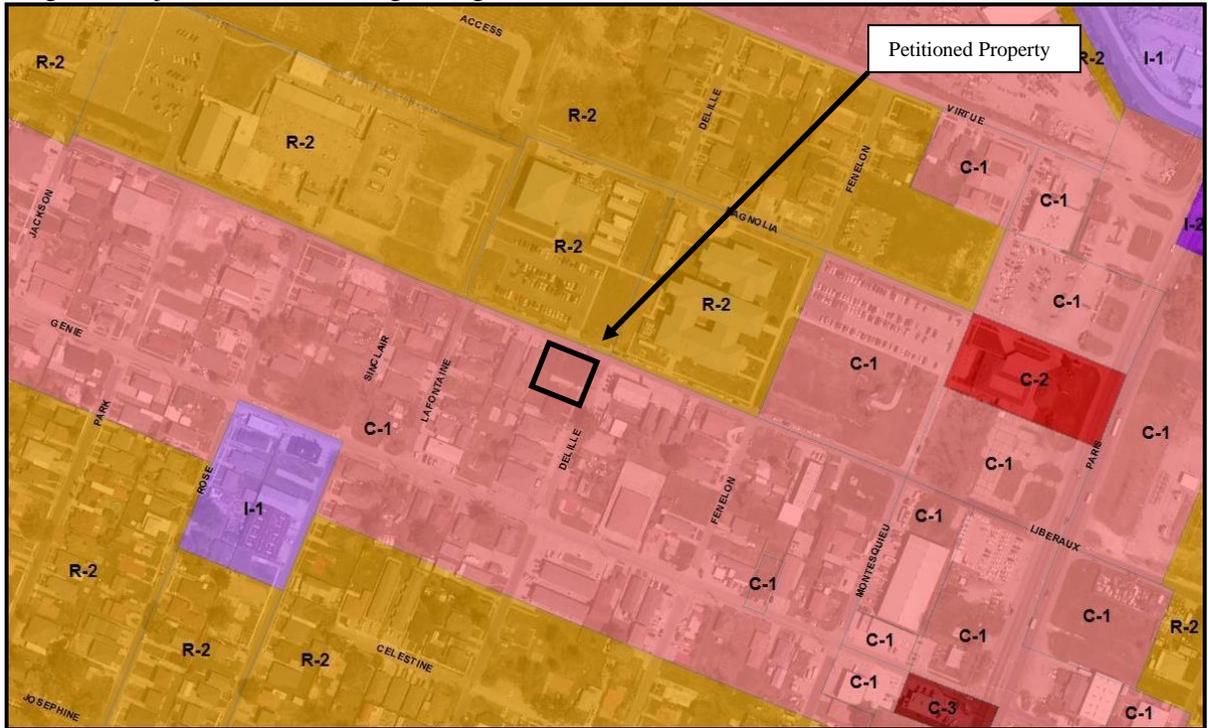

B. Site Description:

The subject site consists of two (2) lots of record located at northwest corner of Delille Street and W. Liberaux Street. The two (2) individual lots measure approximately 25' and 31.68' respectively in width by 100' in depth for a total area of 5,638 sq. ft. or 0.13 acres when combined as a parcel. As shown in Image #2 above, the site is currently undeveloped.

C. Surrounding Land Uses and Zoning

As shown in Image #3 below, the petitioned property is located within a C-1 (Neighborhood Commercial) district. The proposed lots abut an R-2 (Two-Family Residential) district that runs along the north side of W. Liberaux Street. The area is developed with mostly single-family residential dwellings, a commercial building located at the northeast corner of Delille Street and W. Liberaux Street, and Nunez Community College campus and parking lot across the street (W. Liberaux Street).

Image #3: Adjacent and Surrounding Zoning Districts

Source: Arc GIS Parish Zoning Map (unofficial)

D. Purpose of proposed rezoning and effect(s) on adjacent land uses:

The applicant requests the zoning change to C-2 (General Commercial) district in order to construct a building to store electrical supplies (warehouse storage). The petitioned property is immediately bounded by commercial and residential uses and zoning in all directions.

The intent of the C-2 (General Commercial) district is to allow more intense uses than normally permitted in neighborhood commercial and residential areas. These more intense uses include but are not limited to retail establishments, grocery stores, restaurants, and duplexes and multifamily dwellings by right.

The staff believes that allowing a zoning change to C-2 at the petitioned property would not have a significant impact of adjacent land uses in excess of existing conditions currently experienced at that intersection of Delille Street and W. Liberaux Street.

E. Can the request be considered a spot zone?

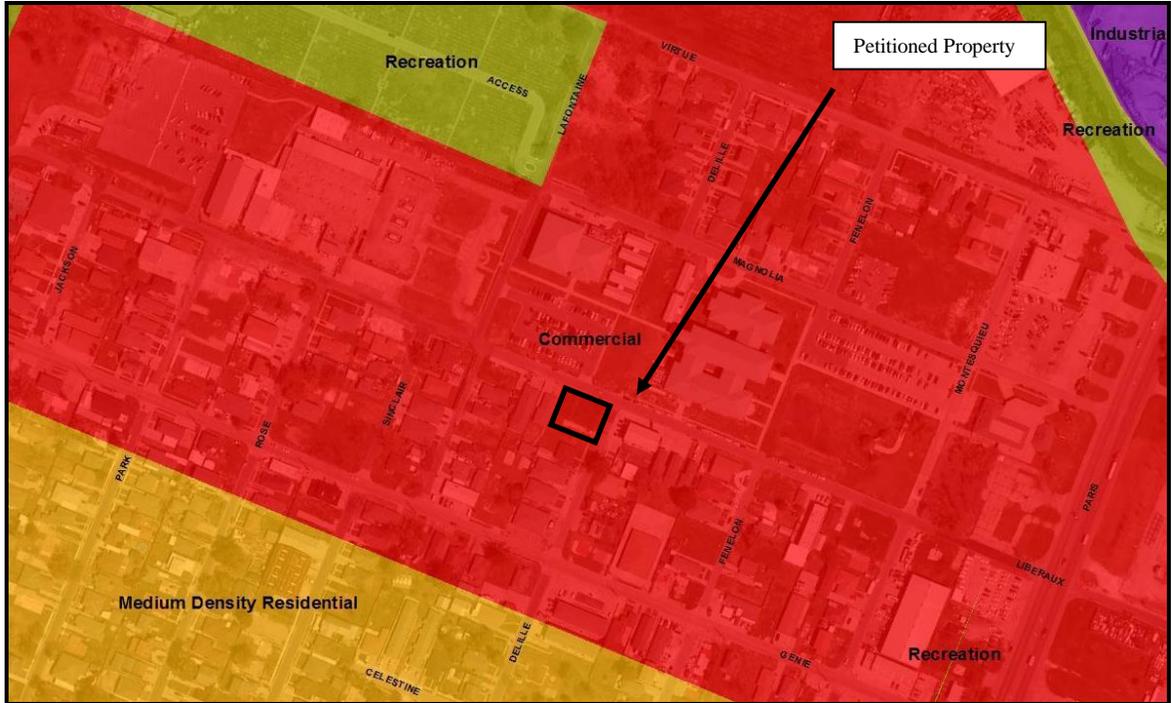

Yes. For a request to be considered a spot zone, a petitioned property would consist of a parcel that is singled out for treatment dissimilar to that of immediately adjacent lots. As shown above, the request consists of two lots petitioning for the zoning change to C-2 (General Commercial) to allow warehouse storage in a predominate C-1 (Neighborhood Commercial) and abutting R-2 (Two-Family Residential) zone districts.

However, staff believes it would not have a significant impact on the surrounding areas because:

1. Proximity to Nunez Community College
2. On W. Libereaux Street, many legally nonconforming uses are present in the existing C-1 (Neighborhood Commercial) that would be permitted in a C-2 (General Commercial) zone district.

III. Comprehensive Plan:

Image #4: Future Land Use Map per Comprehensive Plan

Source: Arc GIS Parish Map (unofficial)

The Future Land Use Map of the Comprehensive Plan designates this area as Commercial. The proposed rezoning is **consistent** with this designation. The land use and density definitions for this designation are shown below:

COMMERCIAL

Land Use: General commercial, retail, office, and multi-family residential

Density: 36 units/acre and 24 – 50 units/development

The applicant is requesting a zoning change from a C-1 (Neighborhood Commercial) district to a C-2 (General Commercial) district. Specifically listed, the proposed zoning change to allow warehouse storage would be included within the Land Use/Density description for the Commercial designation.

The requested C-2 (General Commercial) zone district aligns with the Comprehensive Plan's Future Land Use Map designation; therefore, the petitioned zoning change is **consistent** with the Comprehensive Plan.

IV. Summary:

Zoning Docket Z-2016-002 is a request for a zoning change from a C-1 (Neighborhood Commercial) district to a C-2 (General Commercial) district. The site is located at the northwest corner of Delille Street and W. Liberaux Street in Chalmette. The lots have a total area of 5,638 sq. ft. or 0.13 acres. The applicant is petitioning for the zoning change to allow warehouse storage.

The zoning request is **consistent** with the Land Use/Density description of Commercial in the Comprehensive Plan.

And although the proposal qualifies as a spot zone, staff believes it would not have a significant impact on the surrounding areas due to the conditions already present.

Due to these reasons, staff recommends **APPROVAL** of the request.

V. Staff Recommendation:

The staff recommends **APPROVAL** of Z-2016-002, a request for a zoning change from C-1 (Neighborhood Commercial) district to a C-2 (General Commercial) district.

VI. Reason for Recommendation:

The request is consistent with the Land Use/Density description of Commercial in the Comprehensive Plan.

And although the proposal qualifies as a spot zone, staff believes it would not have a significant impact on the surrounding areas due to the conditions already present.

PUBLIC HEARING NOTICE

THE ST. BERNARD PARISH COUNCIL WILL HOLD A PUBLIC HEARING ON **THURSDAY, FEBRUARY 18, 2016 AT THREE (3:00) O'CLOCK P.M.** AT THE COUNCIL CHAMBERS OF THE GOVERNMENT COMPLEX, LOCATED AT 8201 WEST JUDGE PEREZ DRIVE, CHALMETTE, LOUISIANA TO RECEIVE COMMENTARY ON THE FOLLOWING PROPOSED ORDINANCE INTRODUCED AT THE FEBRUARY 2, 2016 COUNCIL MEETING:

PUBLIC HEARING NOTICE

THE ST. BERNARD PARISH COUNCIL WILL HOLD A PUBLIC HEARING ON **THURSDAY, FEBRUARY 18, 2016 AT THREE (3:00) O'CLOCK P.M.** AT THE COUNCIL CHAMBERS OF THE GOVERNMENT COMPLEX, LOCATED AT 8201 WEST JUDGE PEREZ DRIVE, CHALMETTE, LOUISIANA TO RECEIVE COMMENTARY ON THE FOLLOWING PROPOSED ORDINANCE INTRODUCED AT THE JANUARY 26, 2016 COUNCIL MEETING:

Summary No. 3342

Introduced by: Administration on 1/26/16

AN ORDINANCE TO REVOKE THE STREET DEDICATION OF BARBARA DRIVE IN ACCORDANCE WITH THE ATTACHED SURVEY: EXHIBIT "A."

ST. BERNARD PARISH COUNCIL DOES HEREBY ORDAIN:

WHEREAS, The St. Bernard Parish Council believes it to be in the best interest of the citizens of St. Bernard Parish and St. Bernard Parish Government to revoke the dedication of Barbara Drive in accordance with the attached survey: Exhibit "A."

WHEREAS, Barbara Drive is no longer needed for a public purpose.

SECTION 1. The St. Bernard Parish Council hereby revokes the dedication of Barbara Drive in accordance with the attached Exhibit "A" survey.

SECTION 2. This revocation shall NOT revoke any servitude, right of way, easement, or any utility servitude in the revocation. St. Bernard Parish explicitly retains all servitudes and easements on the property and any and all rights of access that is provided in law to maintain these servitudes. Further, the parish retains all utility servitudes and any right of access and repair that accompanies these rights in the general law. The parish retains all servitudes and easements both shown on the attached exhibit "A" survey and those servitudes and easements documented in the public record or currently used by the parish or any utility company. This ordinance shall not be interpreted to limit the rights of the parish in access or maintenance of any servitude or easement presently on the property.

SECTION 3. Effective Date. This Ordinance shall become effective immediately upon authorizing signature by the Parish President. In the event of a presidential veto, this Ordinance shall become effective upon a two-thirds favorable vote of the total membership of the Council pursuant to Sections 2-11 and 2-13 of the St. Bernard Parish Home Rule Charter.

SECTION 4. Severability. If any section, clause, paragraph, provision or portion of this ordinance shall be held invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect any other section, clause, paragraph, provision or portion of this Ordinance, the St. Bernard Parish Council hereby expresses and declares that it would have adopted the remaining portion this Ordinance with the invalid portions omitted.

APPRAISAL REVIEW-
APPRAISAL REPORT ON
VACANT LOT 1-A-7, HERNANDEZ STREET, ARABI,
ST. BERNARD PARISH, LA.

Project: Old Arabi Revitalization

Inspection: July 27, 2015

Effective Date of Review: July 27, 2015

Client: St. Bernard Parish Government Disaster Recovery, Andrew Becker, Director of Recovery

Intended User: Same

One appraiser and one reviewer were engaged for this assignment as follows:

Appraiser: Gayle H. Boudousquie, MAI

Reviewer: Michael J. DeFelice, MAI

Estimated Market Value: \$31,500.00

Type/Purpose of Review:

As per your request, I have completed a Technical Field Review of the referenced appraisal report. The purpose of this review is to form an opinion as to the adequacy and appropriateness of the respective report **and to recommend the appraisal report if, in my opinion, it reasonably and accurately supports the final market value presented in the report.** I understand that the reported value estimate will be considered for internal decision making regarding the possible acquisition of this property by the parish government.

The appraisal report in question is a written document reflecting a supported estimate of the Market Value of the identified property by the named appraiser. The function of the Review Appraisal Report is to satisfy requirements (as noted above) with respect to the potential acquisition of the referenced property for public use. The review included a field inspection of the appraised property and the comparables utilized by the appraiser. I have performed appraisal work in the Greater New Orleans area and I am familiar with property values in the general market. **However, the work assignment does not require the Review Appraiser to concur with the market value estimate or to provide a separate value estimate.**

Summary: Ms. Boudousquie completed a narrative report using a format that appears to meet the requirements of the client; i.e., adherence to the Uniform Appraisal Standards for Federal Land Acquisitions and to the Uniform Standards of Professional Appraisal Practice (“USPAP”). The final estimate of Market Value for this property is as follows:

Appraiser	Valuation Date	Property	Estimated Market Value
Gayle H. Boudousquie	July 27, 2015	Lot 1-A-7	\$31,500.00

If acquired by the Parish, this would be a total acquisition with no remainder.

Note: This is an adequately documented report. The Reviewer questioned several items but, in the final analysis, concluded that they would not impact the Market Value estimate reflected in the report.

Item 1: The Highest and Best Use analysis is adequate but the Reviewer is of the opinion that the appraiser should have placed more emphasis on the fact that the Highest and Best Use could best be accomplished by assemblage with an adjoining property. The appraised site is somewhat limited in utility as a “stand-alone” property for development purposes. This is stated in a limited fashion and is acceptable.

Item 2: The Uniform Appraisal Standards for Federal Land Acquisitions state that all sales be verified with someone having knowledge of the price, terms, and conditions of the sale. Ms. Boudousquie does not list a specific person under the Verification heading on her sales data sheet. This could be the vendor, vendee, real estate agent for the sale, attorney, etc. However, she does list the Parish Assessor’s office and she has a contact in that office that is familiar with the sale transactions. This is a relatively small market with a limited number of transactions. It would be possible (and probably necessary) for someone associated with the Assessor’s office to be aware of the transactions.

Item 3: The report is somewhat abbreviated with a somewhat limited description of the market area and the appraisal process. However, this is considered to be an uncomplicated appraisal (i.e., vacant land) and the information provided is deemed adequate.

This report is acceptable. Reviewer recommends that the appraisal report by Ms. Boudousquie be utilized as the basis of the establishment of Market Value for the referenced property.

Reviewer’s Scope of Work:

The undersigned completed a Technical Field Review of the real estate appraisal report submitted for this parcel by the identified appraiser. This review included:

1. A visit to the property and to the comparables considered by the appraiser(s).
2. An analysis of the entire report for adherence to USPAP and other controlling standards.
3. A written review report to be submitted to the referenced client.

Purpose of the Review: Develop a credible opinion of the quality of the work completed by the appraiser(s) assigned to this project.

Property Owner: Starting Point, LLC

- Appraisal Format:** The appraiser utilizes a narrative format that, in my opinion would be acceptable for the LADOTD and other state agencies. This format incorporates the Uniform Standards of Professional Appraisal Practice (USPAP) requirements. It is the opinion of the review appraiser that the format is acceptable.
- Client, Intended User:** The appraiser adequately identifies the Client and the Intended User of the report.
- Letter of Transmittal:** The appraiser provides a letter of transmittal which summarizes items such as Purpose of the Appraisal, Location of the Property, zoning, and other important items. The letter of transmittal presents the date of value and the Market Value.
- Identification of the Property:** Appraiser provides a legal description, survey, photographs, and other items which adequately identify the property being valued.
- Location:** Hernandez Road, Community of Arabi, Louisiana; the location is adequately identified in the report by maps and a narrative description. Characteristics of the general and immediate neighborhood are included.
- Type Property:** This is a level, mostly cleared, “U” shaped tract wrapping around a masonry building once utilized as a jail facility. Controlling factors such as zoning, utilities, restrictions, etc. are adequately discussed in the report.
- Purpose of Appraisal:** To estimate the Market Value of the referenced property. The “purpose” is adequately stated in the report.
- Function of Appraisal:** Report was prepared for internal decision making regarding the possible acquisition this property by the named client for the referenced project. **The intent is for this to be a full acquisition of all rights to the property.**
- Areas:** The dimensions and overall site area are adequately presented/described in the report.
- Appraisal Procedure:** This ownership consists of the “U” shaped tract described in the report. **The valuation is of the total land area as though vacant.** The overall ownership is adequately identified in the report by narrative discussion, a legal description, maps, and photographs. The appraiser concluded that the Sales Comparison Approach for Vacant Land was the only applicable approach for the valuation of the appraised property. I am in agreement with her reasoning for this approach.

A brief review of the report is presented as follows:

Report by Gayle H. Boudousquie:

The appraiser utilized a narrative format with sufficient explanations, photographs, definitions, and so forth for a relatively uncomplicated appraisal problem. For valuation purposes, she relied on the Sales Comparison Approach for vacant land. For this process, the appraiser compiled a number of comparable sales in the general neighborhood of the appraised property. These sales, after consideration of adjustments for differences, were estimated by the appraiser to adequately bracket the current market value of appraised site. In the application of the Sales Comparison Approach, the appraiser discussed the reasoning behind each applicable adjustment. After completion of the adjustment process, the appraiser correlated to a Market Value estimate for Lot 1-A-7.

The combination of the narrative report and my discussions with the appraiser provides, in my opinion, adequate supporting information (comparable data sheets, photographs, maps, etc.) for the appraisal. Comparable sales used are in the same (or similar) neighborhood(s) and are estimated to adequately reflect the market for a property with the features of the appraised property.

It is the opinion of the reviewer that this report is adequate for the purposes stated herein.

NEIGHBORHOOD DATA:

Does the neighborhood data provide an adequate explanation of: location factors, growth rates, economic trends, value range, life cycle, compatibility, appearance, detrimental features, and marketability -

Yes No

Does the appraiser adequately explain all positive and/or negative factors related to neighborhood characteristics, supply/demand, and marketing time - Yes No

Reviewer's Comments: This section has been completed in an adequate manner.

SITE DATA:

Adequate description of site in respect to size, adequacy, zoning, flooding, dimensions, shape, compatibility, utilities (who provides, type, adequacy), site improvements, offsite improvements, easements, encroachments, detrimental features - Yes No

Reviewer's Comments: A "Site Data" section is included.

Does the appraiser provide sufficient support for estimate of Highest and Best Use - Yes No

DESCRIPTION OF IMPROVEMENTS: N/A

VALUATION SECTION:

Does appraiser adequately explain reasoning for any approach not used - Yes No

COST APPROACH:

Reviewer's Comments: N/A

INCOME APPROACH:

Reviewer's Comments: N/A

SALES COMPARISON APPROACH: (For vacant land only)

Is the comparable data sufficient in respect to the following:

	Yes	No
Number of comparables analyzed	xx

The following is based on the USPAP and LADOTD regulations for reviewing an appraisal report (and further defines the review appraiser's scope of work):

REQUIREMENT: A qualified review appraiser shall examine all appraisals to assure that they meet applicable appraisal requirements and shall, prior to acceptance, seek necessary corrections or revisions. These requirements include adherence to all laws, regulations, policies and procedures, including, but not limited to those of USPAP and the State of Louisiana including the Handbook for Fee Appraisers, Title 70, Part XVII Louisiana Administrative Code, 501 et seq, and the requirements for the Contract for Appraisal Services.

RESPONSE: The report is estimated to meet applicable appraisal requirements.

REQUIREMENT: The review appraiser will field inspect the property appraised and the comparable sales considered by the appraiser(s), etc.

RESPONSE: The reviewer has made a field inspection as required.

REQUIREMENT: The Review Appraiser must verify the data used in the appraisal reports with the appraiser providing the report.

RESPONSE: The Review Appraiser was in contact with the appraiser and discussed the content of the reports with the appraiser.

REQUIREMENT: Reviewer is to insure that all parties are aware that the purpose of the appraisal is to estimate fair market value of the property, as of a specific date of valuation, for the proposed acquisition of the property rights specified (i.e., full ownership).

RESPONSE: The appraiser was made aware of these requirements.

REQUIREMENT: The review appraiser will examine the appraisal(s) to determine that they:

(1) Are complete in accordance with USPAP and LADOTD Regulations governing such appraisals

RESPONSE: This report is estimated to be in accordance with USPAP and LADOTD regulations

(2) Follow accepted appraisal principles and techniques in the valuation of real property in accordance with existing state law.

RESPONSE: The report is estimated to meet this requirement.

(3) Contain or make reference to the information necessary to explain, substantiate, and thereby document the conclusions and estimates of value/and or just compensation identified therein.

RESPONSE: The appraiser provided documentation and support for his conclusions. Report is, for the most part, self-contained, with detailed information on sources of market data.

- (4) Include consideration of compensable items, damages, and benefits, but do not include compensation for items, damages, and benefits noncompensable under state law.

RESPONSE: Not applicable.

- (5) Contain an identification or listing of buildings, structures, and other improvements on the land as well as fixtures which the appraiser(s) considered to be part of the real property to be acquired including a separate valuation for the specialty items.

RESPONSE: Not applicable.

- (6) Contain the estimated fair market value for or resulting from the acquisition and, where appropriate in the case of a partial acquisition, either in the appraisal or in a separate statement, a reasonable allocation of the estimate of the fair market value for the real property acquired and for damages to remaining real property.

RESPONSE: Not applicable.

- (7) Prior to finalizing the estimate of just compensation, the reviewing appraiser will request and obtain corrections or revisions of the appraisal(s) that do not substantially meet the requirements set forth by USPAP and LADOTD regulations governing such appraisals and the Contract for Appraisal Services.

RESPONSE: No corrections were deemed necessary.

- (8) Appraisal practices and procedures:

RESPONSE: The appraiser followed accepted appraisal practice with respect to such categories as identifying the property to be appraised, the purpose of the appraisal, the definition of market value, etc. This appraisal report is estimate to meet the requirements of USPAP and LADOTD regulations governing such appraisal and the Contract for Appraisal Services. The appraiser arrived at a single estimate of Market Value. The report is dated as of a specific date and all necessary certifications, limiting conditions, etc., have been signed and dated.

- (9) The Review Appraiser shall recommend the appraisal report that should be used as a basis for the establishment of an offer of just compensation.

RESPONSE: Reviewer recommends the appraisal report by **Ms. Boudousquie** as the basis of the establishment of Market Value for this property.

Assumptions, Limiting Conditions, and Certifications

As a guide for reviewing the submitted appraisal reports, the Review Appraiser utilized **those sections of the Uniform Standards for Professional Appraisal Practice (USPAP) that address Review Appraisal Procedures**. It is my express opinion that both appraisal reports meet the standards required for the referenced project.

The Review Appraiser further certifies that:

1. Review Appraiser personally made an inspection of the property subject to the review appraisal report and the comparables used in the appraisal reports under review;
2. To the best of the Review Appraiser's knowledge and belief, everything contained in the review appraisal report is true and correct, and no relevant and/or important fact has been omitted;
3. The reported analysis, opinions, and conclusions in this review appraisal report are limited only by the reported assumptions and limiting conditions stated in this review appraisal report, and Review Appraiser's personal, impartial, and unbiased professional analyses, opinions, and conclusions;
4. Review Appraiser's employment was not contingent upon developing or reporting pre-determined results;
5. Review Appraiser's compensation is not contingent on the development of or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result or the occurrence of a subsequent event directly related to the intended use of the appraisal;
6. Review Appraiser has no past, present, or prospective interest (including that of real estate agent or broker) in the property that is the subject of this review appraisal report, the parties involved, or any other interest that would conflict in any way with the services performed or the making of an impartial report;
7. That no one provided significant real property review appraisal assistance to the Review Appraiser;
8. Review Appraiser's analyses, opinions, and conclusions were developed, and this report has been prepared in conformity with both USPAP and the Appraisal Handbook for Fee Appraisers, Title 70, XVII Louisiana Administrative Code 501, et. seq.
9. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the review appraiser, and in any event, only with the proper written qualification and only in its entirety.
10. This report is for the exclusive use of St. Bernard Parish and any governmental agencies having direct involvement with this project.

Project .: Old Arabi Revitalization

Our File No. 2015 Starting Point, LLC Old Arabi Revitalization

Dear Mr. Becker:

As per your request, the undersigned appraiser has made a personal and careful inspection of the property identified by above noted lot number and ownership, and has thoroughly investigated and analyzed matters pertinent to the estimation of fee simple market value. **The purpose of this appraisal is to estimate the market value as of July 27, 2015 (the most recent date of inspection) for possible purchase by the Parish to be utilized in the revitalization of Old Arabi Project.**

The Parent Ownership is an irregular shaped lot containing 9,720 square feet. The lot wraps around the Parish owned "Old Arabi Jail" with 40.42 feet of frontage on the River side (Pontalba Street) of the "Old Arabi Jail" and 24.5 feet of frontage on the Bienvenue Street side. The site is grass covered and has some mature trees. The "Old Arabi Jail" building currently encroaches 8.66± feet into the subject site. **The lot is valued as if vacant, as per client instructions.**

The land is zoned I-2 Industrial District. The Parent Ownership is in an area of single family residential development, industrial development, trailers, and vacant land. The Lot is adjacent to vacant land on each side, industrial development to the rear and wraps around the "Old Arabi Jail" site under Parish ownership.

The Parish of St. Bernard provided all information for the Parent Ownership Lot. This letter of transmittal is accompanied by a self-contained appraisal report.

This appraisal report follows the guidelines of the Uniform Appraisal Standards for Federal Land Acquisitions, 2000, the Uniform Standards of Professional Appraisal Practice of the Appraisal Standards Board of the Appraisal Foundation, and the guidelines and ethics of the Appraisal Institute.

Assumptions are as follows:

- Market value is not linked to a specific exposure time (A jurisdictional exception)
- No information has been provided to the appraiser with respect to hazardous substances. It is assumed that no environmental contamination exists in the subject property. (An extraordinary assumption)
- Value excludes any value of the minerals.
- Market value utilizes sales of vacant land in the subject's marketing area with a similar highest and best use.
- The appraiser has been engaged to value the property. The appraiser has not been engaged to set just compensation.
- The land is valued as if vacant. No value is taken from or added to the land for the presence of the building encroachment as per client request.

The appraisal report is not limited to the information found herein. The reader may consult with Appraiser's project files to find more comprehensive definitions; broad area analysis; and comparable factual data. This appraiser considers such additional information a part of this analysis and is available upon request.

Based on the quality and quantity of data, as well as current economic conditions, it is my opinion, That the fee simple market value as July 27, 2015 is estimated as follows:

Before Value:	\$31,500.00 (R)
After Value:	\$ <u>0.00</u> (R)
Difference:	\$31,500.00 (R)

Respectfully submitted,

ASSUMPTIONS AND LIMITING CONDITIONS

This appraisal is made under the following assumptions and limiting conditions:

1. Title to the property is free and clear, unencumbered and there are no easements, liens or other encumbrances on the property.
2. The information contained in this report as furnished by others is believed to be correct, but the appraiser assumes no responsibility for its accuracy. Included in this information is title information, measurements, survey, and other information furnished by you as likewise comparable sales data furnished by the court records and the principals involved in the various transactions.
3. No responsibility is hereby assumed for any matters that are legal or political in nature. No responsibility is assumed for political, social or economic changed conditions, which could have an effect on real estate values which changes take place after the date of this valuation.
4. All engineering is assumed to be correct. The plot plans and illustrative material in this report are included only to assist the reader in visualizing the property.
5. It is assumed that there are no hidden or non-apparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for arranging for engineering studies that may be required to discover them.
6. It is assumed that there is full compliance with all applicable federal, state, and local environmental regulations and laws unless noncompliance is stated, defined, and considered in the appraisal report.
7. Unless otherwise stated in this report, the existence of hazardous material, which may or may not be present on the property, were not observed by the appraiser. The appraiser has no knowledge of the existence of such materials on or in the property. The appraiser, however, is not qualified to detect such substances. The presence of substances such as asbestos, urea formaldehyde foam insulation, or other potentially hazardous materials may affect the value of the property. The value estimate is predicated upon the assumption that there is no such material on or in the property that would cause a loss in value. No responsibility is assumed for any such conditions, or for any expertise or engineering knowledge required to discover them. The client is urged to retain an expert in this field, if desired.
8. Possession of this report, or a copy thereof, does not carry with it the right of publication. It may not be used for any purpose by any person other than the party to whom it is addressed without the written consent of the appraiser, and in any event only with proper written qualification and only in its entirety.
9. The appraiser herein by reason of this appraisal is not required to give testimony, or be in attendance in court with reference to the property in question unless arrangements have been previously made.

10. Neither all nor any part of the contents of this report (especially any conclusions as to value, the identity of the appraiser, or the firm with which the appraiser is connected) shall be disseminated to the public through advertising, public relations, news, sales, or other media without the prior written consent and approval of the appraiser.
11. This appraisal is prepared in anticipation of possible litigation, in as much as, it may become the basis for a compensation estimate in an expropriation suit.

Additional Assumptions are as follows:

- As per instructions, the value is of vacant land.
- Market value is not linked to a specific exposure time. (A jurisdictional exception)
- No information has been provided to the appraiser with respect to hazardous substances. It is assumed that no environmental contamination exists in the subject property. (An extraordinary assumption)
- Value excluded any value of the minerals.
- Market value utilizes sales of vacant land in the subject's marketing area with a similar highest and best use.
- The appraiser has been engaged to value the property. The appraiser has not been engaged to set just compensation.

SCOPE OF THE APPRAISAL

The subject is a small irregularly shaped lot with industrial zoning in an area with residential and industrial development working in harmony. The Parish has some public facilities in the immediate vicinity.

The appraiser has done the following:

- Inspected the subject site. Any aerial photographs are from Google Earth.
- Researched sales activity in the subject's neighborhood for vacant sites with similar highest and best use.
- Chose the most representative sales to value the subject at highest and best use.
- Used the sales comparison approach to estimate the fee simple market value of land as of the date of value..
- This report does not conform to USPAP in two areas, exposure time and consideration of anticipated public projects. Because this appraisal is to conform to the Uniform Appraisal Standards for Federal Land Acquisitions, the estimate of market value cannot be linked to a specific exposure time (Section B-2, pg 31). Likewise the appraiser must disregard any enhancement or diminution in value of the property due to the project (Section B-10, pg 45)

In the appraisal of the subject property, the appraiser obtained data from the following sources:

- Ownership Title Data
 - Right of Way Maps
 - Onsite inspection of the subject property and real estate market areas
 - Gathering and investigating real estate market data:
 - Public records, real estate agents, real estate appraisers, sellers and purchasers
 - FEMA Flood Zone Data
 - Analysis of land use trends
 - Analysis of local area demographic data
 - Parish government:
 - Clerk of Court Records
 - Assessor's Records
 - Local real estate agents and appraisers
 - The University of New Orleans Market Data Center, Metropolitan New Orleans Real Estate Market Analysis, Rebuilding and Recovery Edition, March 2015 (Volume 46)
- Uniform Standards of Professional Appraisal Practice, Appraisal Foundation, 2015 edition*

PURPOSE OF THE APPRAISAL

The purpose of the appraisal is to estimate the market value of the property as of the date of inspection.

The intended user of the report is the Parish of St. Bernard, and the intended use of the appraisal report is to assist the client in the determination of the amount paid for the property rights acquired or conveyed.

Date of Value: July 27, 2015

FEE, RESERVING TO THE LANDOWNER ALL RIGHT, TITLE AND INTEREST TO THE UNDERLYING MINERALS WITHOUT RESTRICTION

The *fee* simple title to the land, subject, however, to existing easements for public roads and highways, public utilities, railroads and pipelines; excepting and excluding *from* the taking all oil, gas, and other minerals in and under said land and all appurtenant rights for the exploration, development, production, and removal of said oil, gas, and other minerals.

Defintion of Fee Simple

Fee simple estate is described as absolute ownership unencumbered by any other interest or estate subject only to the governmental powers of taxation, eminent domain, police power, and escheat.¹

Definition of Market Value

“Market value is the amount in cash, or on terms reasonably equivalent to cash, for which in all probability the property would have sold on the effective date of the appraisal, after a reasonable exposure time on the open competitive market, from a willingly and reasonably knowledgeable seller to a willing and reasonably knowledgeable buyer, with neither acting under any compulsion to buy or sell, giving due consideration to all available economic uses of the property at the time of the appraisal.”

This is the legal description of the property on the tax roll and includes the entire Parent Tract.

A Plot of the Parent Ownership appears below.

NEIGHBORHOOD DATA

The Subject is in the town of Arabi between the lower 9th ward of New Orleans and Chalmette within the Greater New Orleans Metropolitan in St. Bernard Parish. Arabi is on the eastern bank of the Mississippi River

Arabi was established in the 19th Century as a suburb of New Orleans known as Stockyard Landing. The major industry was stockyards and slaughterhouses. In the 1880's New Orleans passed a law banning stockyards and slaughterhouses in the city. At that point the town of Arabi was created.

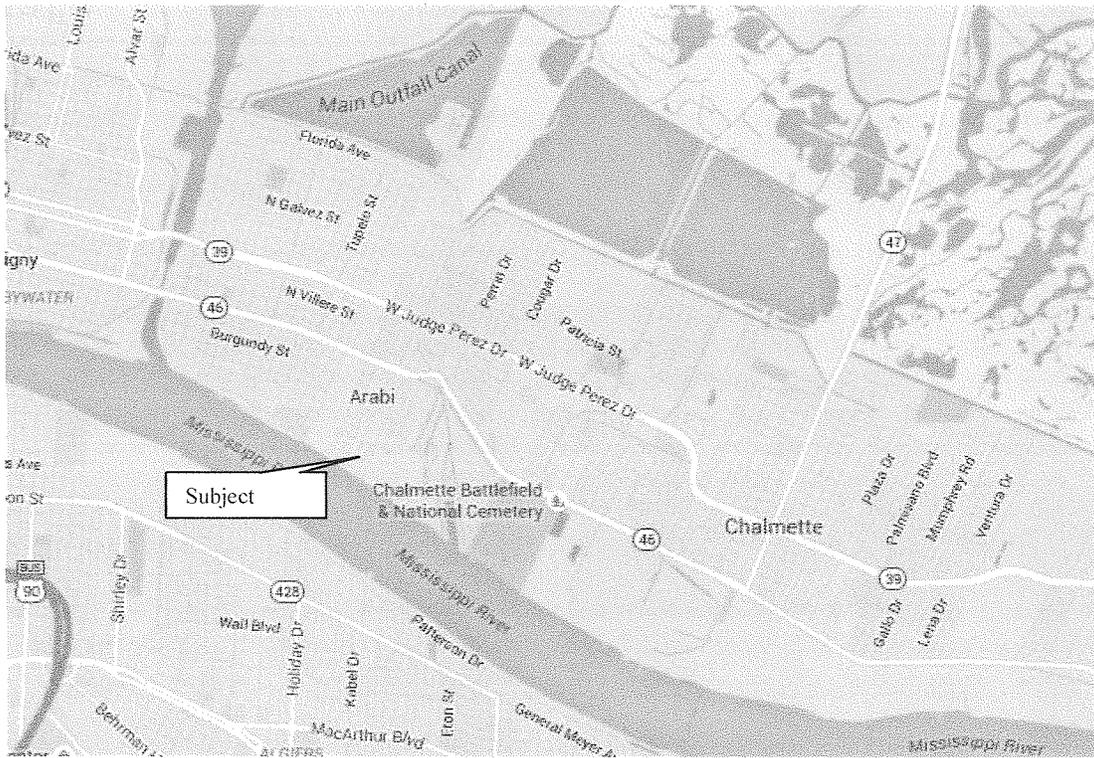

The subject's neighborhood is known as The Old Arabi Historic District and is basically bounded by St. Bernard Highway, the Mississippi River, the Domino Sugar Refinery, and Jackson Barracks at the Orleans Parish Line.

The St. Bernard Parish Visitor's Center is located in Old Arabi as well as a sugar museum, a new planetarium, a children's science center and a wetland's museum. Development is a combination of residential and industrial existing in harmony. Residential development with new construction is seen along N. Peters Street. These lots allow construction of homes that have a view of the Mississippi River.

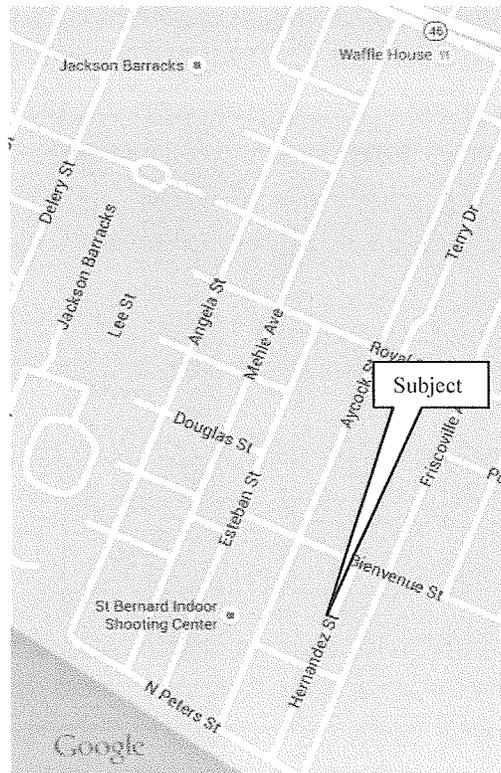

New Construction on N. Peters Street and Mehle Street.
Two lots have sold here between \$8.22 and \$10.00/ sq. ft.

SITE DATA

Lot 1-A-7 is irregular in shape. The lot wraps around the "Old Arabi Jail" a Parish owned building. The site is irregular in shape with two frontages on Hernandez Street on each side of the "Old Arabi Jail" lot (Known as the Old Jail site Tract E.). Based on the survey of Tract e, dated March 27, 1998 by Estopinal Surveying and Engineering, the subject site is 10.63 feet away from the River side of the building and 13.23 feet from the Bienvenue St. side of the buiding.

The rear line is 109 feet in width, with sidelines of 110 feet. The central lines follow the Old Jail site Tract E and are 51.5 feet on the sidelines and 44.08 ft. in width at the rear of the building site.

The land is zoned I-2 Heavy Industrial District. The Parent ownership is in an area of single family residential development, older industrial uses, a small trailer park and vacant land. The land is adjacent to vacant land on each side and small industrial users to the rear.

Hernandez Street is a single lanetwo-way asphalt street that runs from N. Peters Street, along the Mississippi River, and deadends at Bienvenue Street. Water, gas, electricity and sewerage is available to the lot.

The subject is in Flood Zone B, Map Number 225040290B dated May 1, 1985. Outside Flood Hazard Areas. The Flood Map appears on the following page.

HISTORY OF THE PROPERTY

The property is owned by Starting Point, LLC acquired this lot and additional land in 1998 as follows:

Date: May 5, 1998
Vendor: Joseph M. Jones Enterprises
Vendee: Starting Point, LLC
Recordation: Book 644 Folio 53
Sale Price: \$160,000
Remarks: Land re-subdivision occurred in 1998 and again in 2000. The subject lot was created by re-subdivision.

TAXES

The subject tax bill assessment is as follows:

Tax Bill Number		Assessment
2-899-000-0-0234	Land	\$ 2,702
	Improvements	\$ 0
	Total	\$ 2,702

Tax is based on \$140.59 per \$1,000 of assessed value. 2014 taxes were \$379.89. 2015 taxes are paid in arrears and are due at the end of 2015.

ZONING

Zoning is the public regulation of the character and extent of real estate use through police power; accomplished by the establishing districts or areas with uniform restrictions relating to improvements, structure heights, areas, bulk, density of population, and other limitations on the use and development of private property.²

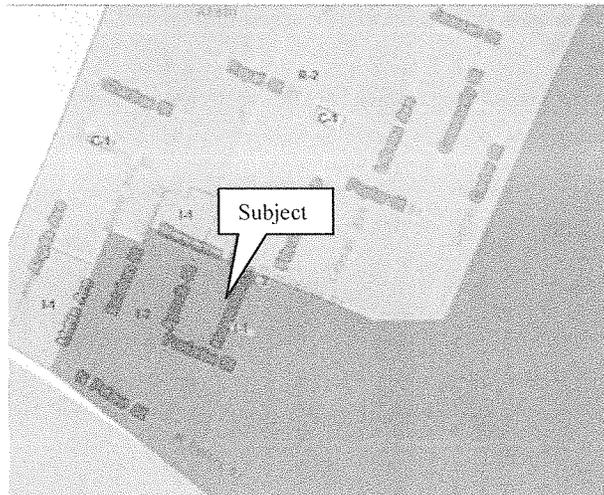

I-2 Industrial District

The district allows multiple industrial and commercial uses under Section 22-6-4 including offices, contractor's office and storage yard. Light and heavy industrial uses, farming, Caretaker's dwellings, farm buildings, animal raising, kennels and mini-warehouses, churches, recreation developments.

Minimum Lot Size:	none.
Maximum Height :	none
Front Yard:	none
Side Yard:	none
Rear yard	none

Development in I-1 Light Industrial District requires a lot with 60 feet of street frontage.

ZONING MAP

HIGHEST AND BEST USE – BEFORE

The subject site has broken frontage. Development of the site would most likely come from acquisition by an adjoining owner. The frontage on Hernandez would create additional access for the industrial development on Aycock Street. A purchase by the Parish would enlarge the “Old Arabi Jail” Site. A third possible purchaser would be someone who would want to construct an office or a residence that would enjoy a large rear side yard access driveways on each side of the “Jail” site. Although the zoning is I-2 Heavy industrial, there are many residences in this zoning, and the subject is in a block with only one building improvement on Hernandez Street on the west side and 100% residential development of good quality home sites to the east side of Hernandez Street. The appraiser is assuming down zoning would be an acceptable request by any purchaser. Although the subject has a broken frontage, there is over 60 feet total in street frontage.

The Highest and Best Use is for some type of residential, office or public benefit development in keeping with the surrounding development.

LAND VALUE

The market was researched over the recent past for residential land sales in the subject's immediate Old Arabie neighborhood. The Historic area of Arabi is an older neighborhood that has few vacant lots. Land for development must come from demolition or redevelopment of land formerly in industrial use near the Mississippi. The Subject is two blocks from the Mississippi River. Activity is slow, but there is enough data to value the subject lot.

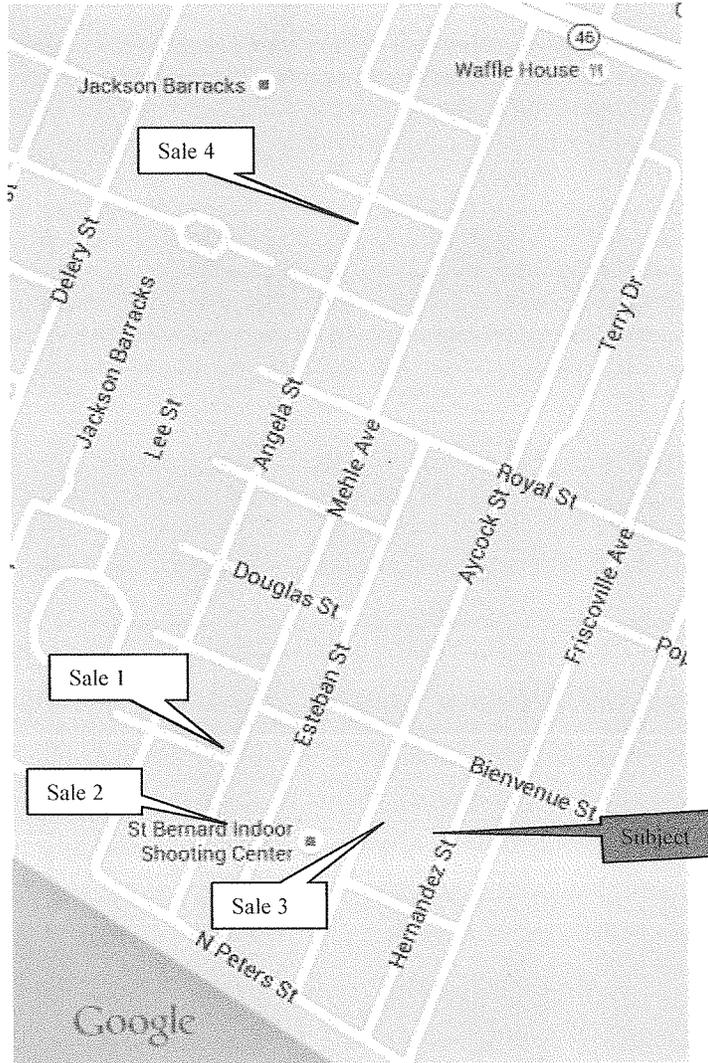

There is vacant land fronting the Mississippi River at Mehle St. and N. Peters St. There is current a single family residence under construction. Construction will allow a view of the River and River traffic. There have been two lot sales fronting N. Peters with unit prices of \$8.22/ sq. ft. for a 13,000 sq. ft. site and \$10.00/ sq. ft. for an 8,000 sq. ft. lot. These sales are not considered comparable to the subject due to the location on N. Peters with a River view. The Sale of a leased site improved with an industrial building fronting Aycock Street containing 15,148 sq. ft. sold at \$2.64 per sq. ft. of land. Since the site was the sale of a land leased fee, the sale does not appear in the report.

The most comparable 4 sales appear in this analysis. Sale dates range from February 2011 to July 2014. Unit sale prices ranged from \$0.93 per sq. ft. to \$4.16 per square foot. Sizes ranged from 6,016.34 sq. ft. to 37,315.18 sq. ft.

The unit of comparison is price per square foot. Adjustments are made for market conditions, (time), condition of sale (motivation), location, flood zone, size, shape, streets and corners, zoning, and topography.

ADJUSTMENTS -

In analyzing sales activity of vacant land within the subject's general neighborhood, the appraiser found 4 comparable sales.

Comparable No.	Date	No. of Lots	Size (sq. ft.)	Av. Lot Size	Price Per S/F
1	7/15/2014	4	12,000	3,000 sq. ft	\$ 3.75
2	4/12/2011	2	22,890	11,445 sq. ft.	\$ 2.84
3	2/25/2011	2	10,193	19,657 sq. ft.	\$ 0.93
4	10/8/2012	1	7,250	6,016 sq. ft.	\$ 4.16

In reviewing the comparable sales, the sale prices per square foot ranged from \$0.93 to \$4.16. All of the comparables are adjusted on grid based on a quantitative analysis. This allows a reasonable person to analyze the data and feel comfortable with the adjusted range of value.

Financing Terms

All sales were cash or cash equivalent sales, without special financing. Therefore, all sales are cash equivalent.

Conditions of Sale

All transactions are arm's-length transactions. Sale 3 is a sale after foreclosure. The property was sold immediately after the foreclosure. An upward adjustment is required for motivation on the part of the vendor and +15% appears in the grid for motivation.

Market Conditions (Time)

The sales have taken place between February 2011 and July 2014. There is limited data available to estimate the amount of increase in the Post-Katrina marketplace. The subject's neighborhood, Historic Old Arabie, is showing signs of residential development that were not seen in 2011. Although there is no definite way to measure an increase using a sale and resale of the same property, a slight upward adjustment of +5% is utilized in the grid for the 2011 sales. No upward adjustment is required for the October 2012 sale or the 2014 sale..

Location

All of the Sales are in the Historic Old Arabi neighborhood. No adjustment for location is required.

Size:

The subject contains 9,720 sq. ft.± sq. ft. This is considered similar to Sales 1 and 4. Sale 2 contains 22,890 sq. ft. An upward adjustment is required and +15% appears in the grid for size. Sale 3 contains 37,315 sq. ft., and a +20% upward adjustment appears in the grid for Sale 3.

Flood Zone:

All comparables are in Flood Zone B. No adjustment is required.

Shape

The subject is very irregular in shape with broken frontage on Hernandez Street. Sales 1, 2 and 4 are rectangular. A downward adjustment is necessary and -20% appears in the grid. Sale 3 is somewhat irregular in shape, but does not have the problem with placement of improvements as does the subject. A downward adjustment of -10% appears in the grid.

Streets and Corners

The subject fronts one street with no corners as does Sale 4. Sale 1 fronts two streets with one corner. Sales 2 and 3 front two streets with no corners. Sales 2 and 3 require a downward adjustment and -5% appears in the grid. Sale 1 with two streets and one corner requires a downward -10% in the grid. No adjustment is required for Sale 4.

Zoning –Sales 1-3 have Industrial zoning and are in the Historic Old Arabi District. No adjustment is required. Sale 4 is zoned R-2, which excludes additional uses that are allowed under Industrial zoning. Therefore, an upward adjustment is required for Sale 4 and +10% appears in the grid.

Topography-

All of the Sales are cleared and filled. No adjustment is required.

The most appropriate approach to value is the Sales Comparison Approach.

Therefore, based on the quality and quantity of data as well as economic conditions in July 2015, it is my opinion that market value, as of the date of appraisal, July 27, 2015 is reasonable at **\$31,500.00 (R)**

The acquisition analysis is therefore calculated as follows:

The property is required 100%. There is no remainder. Therefore the acquisition analysis is calculated as follows:

RE: St. Bernard Parish Government- Disaster Recovery-
Old Arabi Revitalization Project

Parcel No. Lot 1-A-7

Dear Sirs:

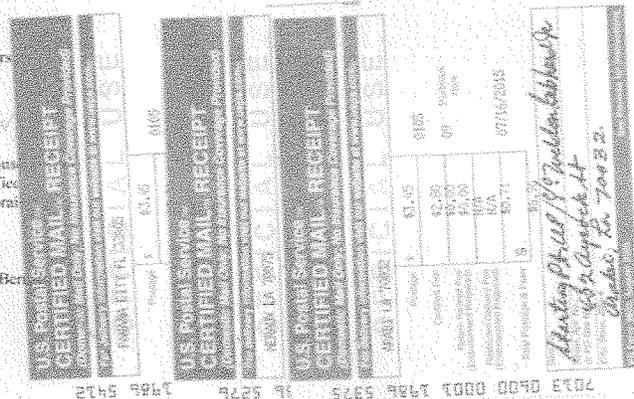

The Parish of St. Bernard will be acquiring land within Square D fronting Hernandez Street in St. Bernard Parish for public use for the Old Arabi Revitalization Project. My office has been employed to appraise the vacant land required under your ownership. On site inspection is scheduled for Thursday, July 23, 2015 between 9:00 AM and 10:00 AM. Please call me at 504-495-2772 if you have a question or would like to have a representative meet me at the site so we can arrange a specific meeting time. It is not necessary for you or your representative to be present at the inspection.

The appraiser does not know when the project will be completed, nor can the appraiser convey to you any value conclusions. Valuation is of land only.

Very Truly Yours

PUBLIC HEARING NOTICE

THE ST. BERNARD PARISH COUNCIL WILL HOLD A PUBLIC HEARING ON **THURSDAY, FEBRUARY 18, 2016 AT THREE (3:00) O'CLOCK P.M.** AT THE COUNCIL CHAMBERS OF THE GOVERNMENT COMPLEX, LOCATED AT 8201 WEST JUDGE PEREZ DRIVE, CHALMETTE, LOUISIANA TO RECEIVE COMMENTARY ON THE FOLLOWING PROPOSED ORDINANCE INTRODUCED AT THE JANUARY 26, 2016 COUNCIL MEETING:

Summary No. 3335

Introduced by: Councilman Lewis on 1/26/16

AN ORDINANCE TO AMEND ORDINANCE SBPC #1605-01-15- TO DECLARE AS SURPLUS 2201 PECAN DRIVE, WHICH HAS BEEN ADJUDICATED TO THE PARISH AND TO AUTHORIZE THE SALE OF SAID PROPERTY TO THOMAS A. NUNEZ AND KATHRYN J. NUNEZ.

ST. BERNARD PARISH COUNCIL, THE GOVERNING AUTHORITY, DOES HEREBY FIND IT NECESSARY AND IN THE PUBLIC INTEREST TO ORDAIN:

WHEREAS, the property located at 2201 Pecan Drive was adjudicated to the Parish on June 25, 2008.

WHEREAS, the Parish considers this property surplus and it is not needed for a public purpose.

WHEREAS, the Parish has received a qualifying offer to purchase the property.

SECTION 1. The following adjudicated property is surplus and is not needed for any public purpose:

2201 PECAN DRIVE

CHALMETTE, LA 70043

LOT 1 SQ. 8 RIVERLAND PK. SUB. 71X120 = 8520

This property will be referred to hereinafter in this ordinance as "2201 Pecan Drive".

SECTION 2. 2201 Pecan Drive shall be sold in accordance with law (La.R.S. 47:2201 et seq., specifically, La.R.S. 47:2202A & La.R.S. 47:2206, as well as the St. Bernard Parish Adjudicated Surplus Properties Program (Ordinance SBPC# 1378-03-13).

SECTION 3. The President of St. Bernard Parish Government is hereby authorized to sell 2201 Pecan Drive to Thomas A. Nunez and Kathryn J. Nunez for the purchase price of \$3,891.50.

SECTION 4. Effective Date. This Ordinance shall become effective immediately upon authorizing signature by the Parish President. In the event of a presidential veto, this Ordinance shall become effective upon a two-thirds favorable vote of the total membership of the Council pursuant to Sections 2-11 and 2-13 of the St. Bernard Parish Home Rule Charter.

SECTION 5. Severability. If any section, clause, paragraph, provision or portion of this ordinance shall be held invalid or unconstitutional by any court of competent jurisdiction, such holding shall not affect any other section, clause, paragraph, provision or portion of this Ordinance, the St. Bernard Parish Council hereby expresses and declares that it would have adopted the remaining portion this Ordinance with the invalid portions omitted.
