

**St. Bernard Parish Government**  
Coastal Division

**RESTORE Act Multiyear Implementation Plan  
(Amendment #3)**

**Summary of Changes Since Amendment #2**

- **Bayou Terre aux Boeufs Armoring (\$1,300,000) was added.** SBPG previously funded engineering/design for Phases 1-4 of the project. Phases 1-4 have since been designed and Phases 1-3 have been permitted. CPRA recently awarded SBPG with \$2,000,000 to construct Phase 1. This phase went up for bid last year and construction will begin within the next couple months. SBPG has requested that CPRA use surplus funding for Phase 2. This project was added to the RESTORE Act MIP in order to make Phases 2-4 eligible for the RESTORE Act Direct Component Program and the State RESTORE Act Parish Matching Program.

- **Islenos Community Archive at Nunez Community College (\$100,000) was added.** The Fernandez family donated an archive of historic Islenos artifacts to Nunez. The school would like to improve a portion of its existing library in order to display the artifacts and make them available to residents, researchers, and visitors. The space would also be used to promote tourism and the consumption of Gulf seafood in St. Bernard Parish.
- **Central Wetlands Unit Bike Path (previously \$250,000) was amended to exclude the construction of the bike path, include the construction of a pedestrian bridge over Paris Road, and increase the budget to \$1,000,000.** Construction of the bike path will be funded through other sources. Additionally, SBPG believes most of the funding (\$5,000,000) needed to construct a bridge connecting the eastern and western portions of the bike path at Paris Road will come from other sources. The \$1,000,000 set aside in RESTORE Act Direct Component funds would cover 20% of the total bridge construction cost.
- **An additional \$100,000 was allocated for the Nunez Workforce Development Program.** The RESTORE Act Direct Component Program already funded the program for years 1 and 2 (\$225,000). The new proposed allocation would fund year 3.
- **The overall RESTORE Act Direct Component budget was amended to account for all parish allocations through 2026.** The budget has been broken down into three separate categories (2017-2020, 2021, and 2022-2026).

RESTORE Activity (2017-2020)	Scope of Work	Budget
Nunez CC Workforce Devt. (Phase 1)	Program Funding (Years 1 & 2)	\$225,000.00
Paris Road Corridor Streetscape	Design (100%) + Construction (100%)	\$800,000.00
Lake Lery Marsh Creation (Phase 2)	Construction (10%)	\$300,000.00
Nunez CC Workforce Devt. (Phase 2)	Program Funding (Year 3)	\$100,000.00
Islenos Community Archive	Construction (100%)	\$100,000.00
Shell Beach Fishing Complex	Prop. Acq. (100%) + Design (100%) + Const. (100%)	\$1,624,000.00
SBPG Admin. Costs	Project/Program Management	\$85,470.00

**TOTAL (through 2020):** \$3,234,470.00

**TOTAL ALLOCATION (through 2020):** \$4,012,174.61

**REMAINING BALANCE (end of 2020):** \$777,704.61

**RESTORE Activity (2021)**

Bayou Terre aux Boeufs Armoring	Construction (50%)	\$1,300,000.00
SBPG Admin. Costs	Project/Program Management	\$39,000.00

**TOTAL (through 2021):** \$4,573,470.00  
**TOTAL ALLOCATION (through 2020):** \$4,628,223.25  
**REMAINING BALANCE (end of 2020):** \$54,753.25

**RESTORE Activity (2022-2026)**

Hopedale Fishing Complex	Design (100%) + Construction (100%)	\$1,000,000.00
Central Wetlands Unit Bike Path Bridge	Construction (20%)	\$1,000,000.00
SBPG Admin. Costs	Project/Program Management	\$60,000.00

**TOTAL (through 2026):** \$6,890,970.00  
**TOTAL ALLOCATION (through 2026):** \$7,708,466.45  
**REMAINING BALANCE (end of 2026):** \$817,496.45

- **Current obligations and projected allocations, as reflected in the above budget summaries, were updated.** A description of current obligations and projected allocations is provided below.

According to the US Department of the Treasury, Office of Gulf Coast Restoration, the total RESTORE Act Direct Component allocation available to St. Bernard Parish was **\$3,456,271.19** as of October 1, 2019. A total of **\$1,055,750** has already been obligated and an additional **\$300,000** is currently pending obligation (please see below). Consequently, the net allocation available as of January 13, 2020 is **\$2,100,521.19**.

- Lake Lery Marsh Creation (Phase 2) (\$300,000) (PENDING)
- Paris Road Corridor Streetscape Enhancement (\$800,000) (APPROVED)
- Nunez Fisheries Workforce Development Program (\$225,000) (APPROVED)
- SBPG Administrative Costs (Paris Road and Nunez) (\$30,750) (APPROVED)

The Office of Gulf Coast Restoration has projected that St. Bernard Parish can anticipate the following total allocations going forward: \$4,012,174.61 (2020), \$4,628,223.25 (2021), and \$7,708,466.45 (2026). The RESTORE Act MIP Amendment #3 will account for all projected allocations through 2026.
